1 year with Vita Inc.
18 years with EDSA

Education and professional credentials

West Virginia University, Bachelor of Science in Landscape Architecture
Florida Landscape Architect License No. LA1460
California Landscape Architect License No. 5616

Responsibilities

Steve Poe has over 30 years of experience, covering a wide range of projects primarily in the Hospitality and Community Planning arenas. Mr. Poe spent eight years at the beginning of his career as a Nurseryman and Landscape Contractor before finding his passion and training as a Landscape Architect. He began his Landscape Architectural career as a Site Designer and Detailer for Hospitality projects located worldwide where he developed a critical eye for creating unique spaces. Many of the projects that Mr. Poe was an integral part of have, and continue to be recognized by their Guests for their unique qualities and amenities. Mr. Poe has lead teams responsible for large scale planning efforts worldwide as well as project management, conceptual master planning, master planning, schematic design, design development, construction documentation and site observation services. Mr. Poe's experiences have allowed him to be able to bridge the gap between Strategic Planning Efforts and Implementation to create and detail truly memorable spaces.

Mr. Poe brings both the ability to envision the built environment as well as to build those exciting spaces.

His experience includes the direction and review of design/build documents, foreign and domestic site visits, Onsite Construction Observation and Administration, construction submittals, change order management, cost control, procurement, project correspondence, scheduling, maintenance, and as-built preparation and review. Mr. Poe has been fortunate to have been a Team Leader where he has been responsible for all related exterior Consultants and is well versed in Civil and Site related MEP as well as a keen knowledge of site structures and Architecture.
